Termes du contrat:

Legal framework: It's a legally enforceable document that governs the relationship between the provider and the user.

User agreement: Users must agree to the terms to use the service, and can be legally bound by their agreement.

Service description: It outlines the services provided, limitations, and user eligibility.

User conduct: It details acceptable and unacceptable user behavior, such as how to use copyrighted content or the rules for suspending an account.

Provider protection: It includes clauses like the limitation of liability to protect the business from legal issues.

Payment and termination: It specifies payment terms for paid services and the conditions under which an account can be terminated.

Dispute resolution: It outlines the procedure for resolving disagreements, which may involve legal action or arbitration.
