1. Services to be Performed

The Client engages the Contractor to perform services as an independent contractor. The specific details, scope, and deliverables for each assignment will be defined in separate, written Statements of Work (SOWs), which will be attached as Exhibit A, Exhibit B, etc., and incorporated into this main Agreement. The nature of services can range from IT development to video editing, as detailed in the relevant SOW.

2. Key Terms to be Assigned and Agreed Upon

For each specific project (SOW), the following three key points must be explicitly defined and agreed to in writing by both the Client and the Contractor:

- * Project Scope & Deliverables: lets make some description to what is going on on here
- * Schedule & Deadlines: The project starts on 12/30/2025 and is expected to be completed by 3/31/2026.
- * Compensation & Payment Terms: 3450 \$

3. Independent Contractor Status

The Contractor is an independent contractor and not an employee or agent of the Client. The Contractor controls the method of performing services and is responsible for their own taxes and insurance.

4. Compensation and Expenses

Payment is based on the applicable SOW. The Contractor is responsible for their expenses unless the SOW specifies reimbursable ones.

5. Confidentiality

The Contractor agrees not to disclose or use the Client's confidential information except for service performance.

6. Ownership of Work Product

All work created for the Client under this Agreement becomes the Client's sole property upon full payment.

7. Term and Termination

The Agreement is effective upon signing and lasts until SOWs are completed, unless terminated earlier. Either party can terminate with written notice or immediately for a material breach.

8. Entire Agreement

This document and SOWs form the complete agreement, superseding prior discussions. Modifications require a written amendment signed by both parties.

Payment Details:

3450 \$
