1. Services to be Performed

The Client engages the Contractor to perform services as an independent contractor. The specific details, scope, and deliverables for each assignment will be defined in separate, written Statements of Work (SOWs), which will be attached as Exhibit A, Exhibit B, etc., and incorporated into this main Agreement. The nature of services can range from IT development to video editing, as detailed in the relevant SOW.

2. Key Terms to be Assigned and Agreed Upon

For each specific project (SOW), the following three key points must be explicitly defined and agreed to in writing by both the Client and the Contractor:

6. Ownership of Work Product

All work created for the Client under this Agreement becomes the Client's sole property upon full payment.

7. Term and Termination

The Agreement is effective upon signing and lasts until SOWs are completed, unless terminated earlier. Either party can terminate with written notice or immediately for a material breach.
